

Queen Appeals For Revival Of Religion

LONDON, April 12.—(CP)—The Queen in an emotional broadcast called upon British women yesterday for a revival of religious spirit, and warned that "four precious Christian heritages" are threatened by adverse influences.

"She prayed women part in war work, predicted they would play an important role in rebuilding the post-war world, and said:

"It is on the strength of our spiritual life that the right rebuilding of our national life depends."

"In these last tragic years many have found in religion the source and mainspring of courage and steadfastness they need."

MUST FACE FACT

"On the other hand we cannot close our eyes to the fact that our precious Christian heritage is threatened by adverse influences. Pleading for revivals of spiritual thinking, the Queen declared, "our men must be the place where it should start."

"It is the creative and dynamic energy of Christianity which helps us to carry the moral responsibilities which history is placing on our shoulders."

"All of us women love family life, our home and our children," the Queen said, "and yet we are aware that our men overseas are thinking just as ardently of these things as we are. Some of our dear and faithful homes lie behind, others of new homes they must make for young wives of the future."

STEADFAST, FAITHFUL

"These men, both at home and abroad are counting on us at all times to be steadfast and faithful. I know that we shall be, and that, fortified by the great experience of our strength and unity, go forward with undiminished faith in the future."

"I feel that in all the thinking and planning which we are doing for the welfare of our country and the empire, we are also doing for other countries, too. We women as homemakers have a great part to play in this. We must be diligent in our daily lives, and look forward to a great rebuilding of family life as soon as the war ends."

"I would like to add with my fullest conviction that it is on the strength of our spiritual life that the right rebuilding of our national life depends."

War News Summary

MONDAY, APRIL 12

Tunisia: Powerful Allied forces drove at a lightning pace toward the verge phase of the Tunisian campaign today as the British, American and Canadian forces of the British First Army, General Montgomery's 8th Army, captured Sousse, the chief south of Tunis. Axis troops fled from Kairouan to the southwest before the British.

Destroying Sousse, the Arab and British forces, the British First Army, General Montgomery's 8th Army, captured Sousse, the chief south of Tunis. Axis troops fled from Kairouan to the southwest before the British.

Workmen Seek Free Ice Jams In Assiniboine

WINNIPEG, April 12.—(CP)—While reports from a number of Manitoba towns told of freezing waters and floods, Assiniboine River workers are making every effort to free ice jams in the Assiniboine River.

Hours of blasting, which began shortly after noon Sunday, have failed to relieve the situation. The main jam is between the Main Street and Canadian National Railway bridge near where the Assiniboine River crosses the Red River.

More than 100 charges of dynamite were used on the huge ice blocks but to no avail.

WATERS OF THE RED, NER NEAR

Waters of the Red, near Winnipeg, 20 miles north of Selkirk, are rising rapidly. The two boys Sunday. The two, Jack Pruden, nine, and his brother, Raymond, eight, were playing on ice in the flooded sloughs when the ice broke and they were swept away.

North of the town where the Assiniboine River crosses the Red River, washing away much farm equipment and stock. A number of houses have been washed away. The water is about 10 feet deep in many places.

At Brandon, 160 miles west of Winnipeg, the Assiniboine River is rising rapidly. The water is about 10 feet deep in many places.

War Production Creamery Is Curtailments In Canada Imminent

ST. PAUL, April 12.—(CP)—The creamery industry in Canada is facing a sharp curtailment of production in the near future, according to a report from the Canadian government.

The report states that the Canadian government has decided to curtail the production of creamery products in order to conserve resources and to ensure the availability of foodstuffs for the war effort.

The curtailment is expected to be implemented in the near future, and it is expected that it will have a significant impact on the creamery industry in Canada.

The report also states that the Canadian government is considering other measures to conserve resources and to ensure the availability of foodstuffs for the war effort.

Production of New Plants at Ford High Mark

WINDSOR, Ont., April 12.—(CP)—Ford Motor Company of Canada Limited, with its total output of 1,175 cars in 1942, which by far surpasses any other year, is expected to reach a new high mark in 1943.

The company's output for the year was more than four times the average annual output of output in the five years preceding the war.

The increase over the output of the previous year of 41,800 units, or 3.6 per cent, was greater than the entire volume in 1939.

Provision for taxes on the company's 1942 income amounted to \$3,000,000 as compared with \$1,000,000 in 1941. Of the 1942 taxes \$400,000 was for income tax, \$2,600,000 for corporation tax.

The company's output for the year was more than four times the average annual output of output in the five years preceding the war.

ORANGE, N.J., April 12—(BUP)—Quite off his usual Beer Barrel Polka beam, Tony Galento stood at the head of a long table in his Orange cocktail lounge Friday night and announced that he finally was launching his come-back. Itz-

Calgary to Get At Least One Allan Cup Game

WINNIPEG, April 12—(CP)—Frank Sargent, of Port Arthur, president of the Canadian Amateur Hockey Association, announced here yesterday that the best-of-five Allan cup final would probably start here Monday April 29.

A Victoria Army won the western Canada championship here Saturday night and met the eastern champions, either Ottawa Comandos or Ottawa R.C.A.P. Commandos lead the best-of-five eastern playoff one game to none. The two played in a 6-6 draw Saturday night. Even if the title is decided by Wednesday, the first Allan cup final will not be played until Monday.

Sargent said the second game of the Canadian final would be played at Regina, probably Wednesday. April 23, with remaining games at Calgary.

Dick Davis of Winnipeg was appointed one of the referee men for the series. The other official will be provided by the eastern representatives.

Sargent announced also that the Montreal club of the Montreal Canadiens will be the western official in the Memorial cup final starting at Toronto next Saturday, between Winnipeg Rangers, western title holders, and Ottawa Generals, eastern champions.

Jamaica's Opening Three

Days Attract 70,687 Fans

NEW YORK, April 12—(AP)—The owners of the horse park in Jamaica who swallowed a lot of loose talk about the transportation ban and figured the crowds would be whittled down to minor size, know better now.

The result of opening week was a surplus of elbowing talk. A look at the figures for the first three days.

Thursday: 27,425 persons, \$1,308.19 bet.

Friday: 15,051 persons, \$872.19 bet.

Saturday: 27,908 persons, \$1,753.19 bet.

Monday: 27,887 persons, \$1,324,478 bet.

It was shown or got shined while the impudent thousands of im-

provers of the breed fished for the prize, they pushed through the

pasturage windows.

The attendance figures don't include the thousands of saddlers and

sailors who got in line.

The late who got stalled in front of the changing man's stand

and \$50 tried to find chairs to give their limber legs a rest before

they maneuvered themselves up to that enviable spot where they

could spend their money.

At the 800 windows it was easy to spot a line of 20 or 30 hardy

men waiting to take their turn at the

penicillin rack at a window—

Cameramen Go to Front With Fighting Men

Army Photography Is Job of Speed and Team-Work

The Brighter the Better

Bright colors are "it" in the fashion parade. Brenda Marshall, lovely Warner Bros. star, models a smart new trench coat designed for her by Milp Anderson. Of brilliant red gabardine, the coat is cut with fullness above the waist, caught into a narrow belt of self fabric, and smart up-standing collar. Her stitched beret is of matching fabric.

Men's Work Is to Give Public Up-to-Date Pictures From Behind Lines and at Front

In this rapidly paced global war the task of taking still and action camera pictures becomes a job which depends solely on speed and team work wherever and how tough the fighting might be. Unlike World War 1, today's cameramen are up on the front line with the fighting men. Their job is to give the public an up-to-date view of scenes both behind the lines and in the thick of the toughest kind of warfare. Here it is shown how pictures are raced to Headquarters for developing, printing and distribution. Upper left, a Canadian still photographer is shown in action with his camera. Upper right Despatch Rider W. A. Hall of Calgary, Alberta, delivers the negatives during a night run. Lower left, another rider, Pte. D. R. George Deliviers of Montreal, delivers prints to the Press Relations Office. Accepting the prints is Pte. C. M. Paget of Toronto. A Canadian Army film cameraman, Lieut. G. Noble, is seen in the lower right picture filming Canadians during recent manoeuvres with Lieut. John McDougall of Montreal directing operations.

Tour U.S. Army Schools

Brigadier M. F. Gregg, V.C., M.C., V.D., newly-appointed chairman of one of the two Eastern Officers' Appraisal and Selection Boards, and Brigadier-General Hugh T. Mayberry, Commandant of the Officers' Candidate School (Tank Destroyer), Camp Hood, Texas. Brig. Gregg and Capt. J. A. Brayley, of the Directorate of Military Training, National Defence Headquarters, returned recently from a tour of U.S. Army Officers' Training Schools. In addition to their inspection at Camp Hood they visited the school for infantry officers at Fort Benning, where they also saw the Canadian Parachute Battalion in training; the school for engineer officers at Fort Belvoir, Virginia, and the United States Intelligence School. Brig. Gregg and Capt. Brayley are both of Montreal.

Ground Hug

Royal Armored Corps trainee in Egypt falls flat and learns a lesson as booby-trap mine goes off behind him. Explosion of small charge warns him they are not handling mine correctly.

Tommies Blast Mareth Line—Come Through Smiling

In the most spectacular victory since the break-through at El Alamein last October, the British Eighth Army cracked the northern end of the Mareth Line, achieved a history-making "end run" around the southern end, forced Nazi Marshal Rommel to abandon his fortified positions and flee up the Tunisian coast. The photos above were taken during the action. At top, a pair of British Tommies emerge from the fight with heads bloody, but unbowed and faces alight with toothsome victory grins. Below, British troops are seen advancing behind a smoke screen to the assault on the Mareth Line.

Last Bubble

Hollywood's last balloon—no more due to rubber shortage—used by Martha O'Driscoll in bubble dance for a new film.

Named Advisor

W. F. Williams, who has just been appointed Associate Financial Advisor, Department of Munitions and Supply.

Air Commanders in Tunisia

Air Vice Marshal Tedder

Lieut-Gen. Carl Spaatz

Air Vice Marshal Coningham

Maj-Gen. James Doolittle

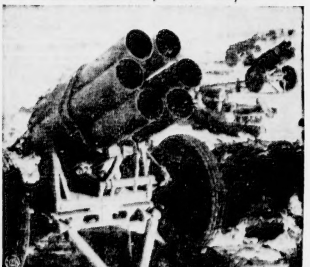

These are four of the generals directing the United Nations' air offensive in Tunisia. British Air Vice Marshal Sir Arthur Tedder is commander in chief of the Mediterranean air theatre with U.S. Lieut-Gen. Spaatz as his executive. Air Vice Marshal Sir Arthur Coningham commands a tactical air force supporting troops in the field and Maj-Gen. Doolittle directs bomber attacks.

Movie Cinderella Still on Job

Daphne Sylvia liked being a waitress so well that she sang at her work in Los Angeles. A Hollywood talent scout saw and heard her, and now she has a seven-year movie contract with Republic Pictures. But Miss Sylvia isn't too confident about a screen career, so she'll continue slinging hash until actually beginning work in her first role.

Six-Shooter, Nazi Style

It looks like a bundle of stove-pipes, but it's a new weapon the Germans introduced on the Russian front. The photo shows a battery of six-barreled trench mortars, abandoned by the Nazis as they fled before advancing Red Army troops.

Bright Stars Stage, Screen Score Big Hit

Gales of laughter swept the arena at No. 3 R.C.A.P. "M" depot Sunday night as a troupe of U.S.O. performers, headed by Bert Wheeler of stage and screen fame, and well-supported by talented, well-known and service women.

Gags and wisecracks from Wheeler and Hank Ladd, stage and screen stars, had the house in an uproar, while songs by Frances Miller and accordion numbers by Penny Beaumont, also were loudly acclaimed.

About 4,500 servicemen and service women, with friends, packed the arena almost to capacity.

The U.S.O. troupe has just returned from a tour of Alaska highways, camps and camps in the Alaskan war theatre.

Despite the fact he was suffering from an attack of influenza, Bert Wheeler insisted on going ahead with show, and he was promised the Edmonton service on the troupe's return from Alaska.

Sgt. Ladd, J. F. Bythell of No. 3 "M" depot, acted as emcee and Hank Ladd was master of ceremonies. The latter's deap humor made a great hit.

Band of No. 3 "M" depot, under the direction of Bandmaster Sgt. W. Taylor, contributed to the success of the program.

EXTENDS THANKS
At the conclusion of the program, Group Captain R. M. Smith, commanding officer of No. 3 "M" depot, thanked the performers for their fine show.

Officers from United States units stationed here were present and Lt.-Col. K. Brown, M.D., E.D. area commander, and other military and naval officers in Edmonton also attended.

Solo by P. L. Sgt. Malcolm Lang and violin solos by LAC. Vernon Smith of No. 3 "M" depot, were features produced by the performers themselves. In addition there were vocal selections by a unit with no. 4 U.T.S. and saw and harmonica selections by Pte H. Ven of the U.S.A.F.

HUMOROUS SONGS
Cpl. William Foster, U.S.A.F., rendered some fine vocal selections. Pte. C. Cole was also with humorous songs, accompanied on the guitar.

LAC. Lou Snyder, introduced as one of Canada's leading pianists, was loudly applauded in his numbers. A hand-balancing team from No. 4 U.T.S. gave a wonderful performance.

Miss Malloy wound up a great evening of entertainment with the popular hits, "You Be So Nice To Your Home Town" and "Me and My Gal."

**River Breakup
Gives Thrills to
Many Persons**

Continued from Page Nine
beneath the low level bridge and during Sunday, when the temperature of the ice was so high that it was possible to walk on it.

Despite the fact that many people thought this was the last time the ice in the river broke up in this manner, the earliest recorded break-up occurred on Sunday, April 12, 1942, while April 5, 1942, was the second earliest. In 50 years records for the river to go out in 1940. Last year the ice went out on April 28, April 17, and April 10, 1942.

Travelers along the Calgary trail reported that some flooding had occurred about a mile from the city with at least one and probably more houses abandoned.

Water flowing over the banks of the White Mud river were reported to have reached a level of only two feet below the Edmonton-Calgary highway. One house was stated to have been flowing through its ground floor, while another reported to have a half car, unscathed, was floating in the stream below the highway.

The water had reached only a few feet below the level of the railway tracks at points where it was reported to be in the city.

RAILWAYS NOT TROUBLED
Railway officials of the Canadian National Railway and the Canadian Pacific Railway stated that no difficulty from the flooding had been experienced by the railways.

In the vicinity of the city, there has been a little water trouble. C.N.R. officials stated, "but nothing to interfere with the traffic on the lines." At Willington about 100 miles south of the city there has been some trouble, but it was expected that this would soon be cleared up. The C.N.R. reported no trouble at all.

Officials at the Alberta Motor Boat Co., Ltd., with headquarters situated below the Low Level bridge, stated that the company had experienced no difficulty with flooding on their premises. Measurements made at that point indicated that the river had risen 14 feet by Saturday. During Sunday night this level had gone down.

No reports of flooding were received by the department of public works, superintendent of public works, Highway Department, or the city of the city were all clear of water, he stated.

Daily War Map—Exclusively in The Edmonton Bulletin

A steady, relentless aerial offensive by American and British bombers is blasting Axis bases indicated on this map, while other flying operations have hastened the advance of ground forces in Tunisia. General Patton's army pushed through from Gueatjar to effect a junction with forward elements of the British Eighth Army. In the north the British First Army pushed on past Sedjenas.

Two U.S. Airmen Killed in Crash

When a small plane of the United States Army Air Force crashed on a routine flight, five officers and two enlisted men were killed Saturday afternoon, two flight officers, occupants of the machine, were fatally injured.

One of the airmen died while being rushed to hospital. The second died in the University Hospital late Saturday.

The names of the airmen were not immediately made known, pending notification of next-of-kin. Cause of the crash is unknown. An investigation is being held.

Attempted Motor Thefts Reported

Seizure and attempted stealing of motor vehicles over the week-end figured in several reports to the city police. Also a motor bus was entered as it was parked at a well-known garage.

The cash box was smashed with some heavy instrument and the cash removed.

Tickets were scattered about the vehicle, but no money was taken.

A bicycle was taken from the garage by the trio who scuttled away in a waiting car. The street when the complainant took the car. The car was later reported to the police.

A resident of 100 street notified police late last night that a car was being driven away from his house.

A car owned by Horace Solos, 1110 10th street, was stolen between 9 p.m. Saturday and 10 a.m. Sunday. He notified police and the car was recovered.

The complainant discovered it was his own car which had been taken from the street.

Over New Guinea 23 Tap Planes Toll in Battle

By DON CASWELL

ALLIED HEADQUARTERS, Australia, April 12.—The Japanese have begun their expected air offensive in the southwest Pacific, an Allied communiqué said today in reporting that Allied planes shot down or action of 23 enemy aircraft, including Oro Bay.

A spokesman's report that yesterday's raiders met "equal numbers" of Allied fighters indicated the Allies had increased their strength to match the enemy's reinforced air power.

Recommencement reports showing major increases in enemy air activity and recent hostile attacks indicate the enemy has initiated an air offensive which may attain a considerable scale of effort," the communiqué said.

The attack on Oro Bay by dive bombers and fighters was the third since March 28, when the Allies defeated 20 of 40 raiders. In the past, only a few days after a major effort by Japanese planes to Allied shipping in the South Pacific, where they lost 28 of a force of more than 90 planes.

The large force of Japanese planes came in over Oro Bay at noon and began a major fighting operation between 20,000 and 35,000 feet in the first sub-sonic battle in this area.

City Residents File Protest On Carnivals

Protest will be made at Monday night's city council meeting by residents in the 100 street and 101 avenue district against permitting carnivals to operate on city owned land in the district. The protest is made by S. McKenney and 26 other residents of the district.

They complain that these shows have proved most objectionable in the past. The noise of the show starts about 10 a.m. and continues until 3 or 4 a.m. the next morning. The grounds are left in a filthy state. They request that the shows be stopped from operating on this property.

JUKE BOX ISSUE
It is anticipated that the notice of decision issued by Ald. H. D. Inlay seeking a \$25 license fee for "juke boxes" will come up for discussion. Communications from the Sun Specialty Co. Ltd. and Joe Louis, owners of most of the machines, will be submitted to council.

It is suggested in both communications that a \$25 license fee would be prohibitive and would reduce the substandard of the machines from use.

Council will deal also with the request of the Central Committee of War Auxiliaries for representation on the special tag day committee appointed by the city council. Application is made also for a minute of council tag days for the War Auxiliaries to collect money to send comforts to Edmonton men serving overseas.

The commissioners will seek confirmation of the purchase of property on Super Avenue to give access to the public library off that thoroughfare. The purchase price of the property is \$17,000, and taxes are not met out of rentals paid by tenants. Whether or not the construction of the sidewalks will be started at once, or left for a later project will be decided by council.

ROUTINE MATTERS
The commissioners also seek authorization to sell the Waghurst property on Ada Boulevard. An offer of \$1,000 has been received for this property, which is located in an unimproved dwelling zone.

Deputy Mayor Ald. Mrs. J. A. Clarke.

Regular Meeting Legion Thursday

The regular general monthly meeting of the Edmonton branch Canadian Legion will be held on Thursday, April 15, at 8 p.m., in the main hall.

Delegates from this branch to the provincial convention to be held here June 6, 7, 8, and 9, if necessary, will be elected at this meeting. It is essential that a full quota of delegates be elected due to the present pressing problems of servicemen and their families.

Due to the restricted accommodation in the city, all members living in Edmonton are requested to open their homes to as many delegates as possible. If you can accommodate even one out-of-town delegate it would be appreciated.

Reservations for delegates to the provincial convention should be made as soon as possible. No deposit will be required. Delegates will be anxious to pay for accommodation. Please phone the office, 2321, and let us know. Many delegates you can look after.

Varsity Students' Exams Under Way

The midnight of which has been the longest or less all night long burn tonight as it has never burnt before—final exams started at the university today, April 12. However, like all things good and bad, the examiners know it, and a hectic wind-up of university life will follow.

Under present wartime conditions, most physically fit male students are registered nurses, doctors, or essential war work in the fields of research. With the great number of men already serving in the forces, there will be no time for any women graduates wanting work.

Examinations for affiliated societies, registered nurses, doctors, and pharmacy will commence Wednesday, April 14, in the assembly hall of St. Stephen's College.

ARP Meetings
For the week commencing April 12th.

MONDAY
Garnet School, first aid.
King Edward School, first aid.
King Edward hotel basement first aid, central.

TUESDAY
Alberia Avenue Community League hall, first aid.
